

DecisionMesh

Fintech AI Intent Library

264 intents across 14 categories

Generated April 14, 2026

PAYMENTS 25 intents	LENDING 23 intents
AP_AR 29 intents	TREASURY 20 intents
FRAUD 21 intents	COMPLIANCE 22 intents
PROCUREMENT 19 intents	INVESTMENTS 21 intents
CUSTOMER_OPS 21 intents	RECONCILIATION 15 intents
BILLING 18 intents	INSURANCE 10 intents
REPORTING 10 intents	RISK_MANAGEMENT 10 intents

This document covers all AI-driven decision intents supported by the DecisionMesh platform, organised by financial domain. Each intent represents a discrete decision workflow that can be configured, monitored and audited through the platform.

PAYMENTS

25 intents

Payment processing, authorization, fraud detection and modern payment rails

• detect_fraud_transaction	• approve_payment	• route_payment
• retry_payment	• optimize_payment_rail	• detect_duplicate_transaction
• flag_suspicious_transaction	• validate_transaction_limit	• authorize_card
• decline_transaction	• process_refund	• handle_chargeback
• verify_upi	• monitor_realtime_payment	• cross_border_check
• tokenize_card	• validate_card	• verify_bank_account
• process_emi	• split_payment	• initiate_ach
• process_swift	• generate_payment_link	• settle_payment
• reverse_payment		

LENDING

23 intents

Loan origination, credit assessment, risk scoring and loan lifecycle management

• approve_loan	• reject_loan	• calculate_credit_score
• assess_borrower_risk	• determine_interest_rate	• predict_default
• detect_synthetic_identity	• verify_income	• evaluate_collateral
• preapprove_loan	• recommend_loan	• assess_sme_credit
• monitor_loan_risk	• trigger_loan_review	• adjust_credit_limit
• disburse_loan	• close_loan	• restructure_loan
• process_loan_repayment	• onboard_borrower	• verify_employment
• generate_loan_statement	• assess_property	

AP_AR

29 intents

Accounts payable and receivable — invoice processing, collections and reconciliation

• extract_invoice	• validate_invoice	• match_invoice_po
• detect_duplicate_invoice	• approve_invoice	• reject_invoice
• flag_invoice_anomaly	• auto_code_invoice	• validate_tax_invoice
• schedule_payment	• split_invoice	• process_credit_note
• verify_invoice_compliance	• audit_invoice	• predict_payment_delay
• generate_invoice	• send_payment_reminder	• prioritize_collection
• reconcile_receivable	• apply_payment	• offer_discount
• detect_overdue_risk	• automate_dunning	• resolve_dispute
• track_receivable_aging	• forecast_receivable	• match_payment
• identify_bad_debt	• escalate_collection	

TREASURY

20 intents

Cash management, liquidity optimization, FX and capital planning

• predict_cashflow	• optimize_liquidity	• allocate_funds
• detect_cash_anomaly	• fx_conversion	• forecast_treasury
• optimize_working_capital	• monitor_bank_balance	• recommend_investment
• manage_borrowing	• detect_cash_movement	• balance_accounts
• optimize_yield	• plan_capital	• stress_liquidity
• manage_hedging	• execute_sweep	• manage_netting
• optimize_debt	• monitor_counterparty_risk	

FRAUD

21 intents

AML, identity fraud, behavioral monitoring and threat detection

• detect_aml	• flag_high_risk_account	• monitor_behavior
• detect_insider_fraud	• score_customer_risk	• analyze_pattern
• detect_identity_theft	• flag_login_risk	• assess_geo_risk
• evaluate_merchant_risk	• monitor_velocity_fraud	• detect_card_skimming
• identify_mule_account	• track_fraud_trend	• trigger_fraud_alert
• detect_account_takeover	• detect_bot	• verify_device
• score_transaction_risk	• detect_phishing	• monitor_dark_web

COMPLIANCE

22 intents

KYC, sanctions screening, regulatory monitoring and policy enforcement

• kyc_verification	• validate_document	• screen_sanctions
• check_peg	• monitor_compliance	• generate_compliance_report
• audit_trail	• validate_regulation	• detect_gdpr_violation
• enforce_policy	• track_audit_log	• verify_onboarding
• monitor_suspicious_activity	• file_regulatory_report	• check_legality
• verify_beneficial_owner	• conduct_edd	• assess_country_risk
• check_fatf	• monitor_transaction_reporting	• validate_aml_rules
• assess_tax_compliance		

PROCUREMENT

19 intents

Vendor management, contract validation and spend optimization

• evaluate_vendor	• approve_vendor	• detect_vendor_fraud
• score_vendor	• select_vendor	• monitor_vendor
• validate_contract	• detect_supplier_anomaly	• optimize_procurement
• track_vendor_payment	• assess_supplier	• rank_vendor
• audit_vendor	• flag_supplier_risk	• renew_contract
• generate_purchase_order	• approve_purchase_order	• track_delivery
• manage_spend		

INVESTMENTS

21 intents

Portfolio management, trading, risk-adjusted returns and market analysis

• recommend_portfolio	• execute_trade	• detect_market_anomaly
• risk_adjusted_return	• trigger_stop_loss	• optimize_portfolio
• predict_stock	• analyze_sentiment	• balance_portfolio
• allocate_assets	• detect_arbitrage	• evaluate_fund
• track_volatility	• rebalance_portfolio	• manage_exposure
• calculate_var	• assess_esg	• backtest_strategy
• monitor_market_risk	• optimize_tax_loss	• generate_trade_report

CUSTOMER_OPS

21 intents

Customer lifecycle, personalization, churn prevention and support routing

• recommend_product	• detect_churn	• personalize_offer
• resolve_customer_dispute	• generate_support	• analyze_sentiment_customer
• segment_customer	• detect_upsell	• track_engagement
• recommend_card	• offer_upgrade	• predict_clv
• detect_dissatisfaction	• route_support	• optimize_retention
• onboard_customer	• verify_identity	• close_account
• handle_complaint	• generate_statement	• update_kyc

RECONCILIATION

15 intents

Transaction matching, ledger reconciliation and period close

• reconcile_transaction	• match_ledger	• detect_recon_gap
• resolve_mismatch	• automate_settlement	• validate_entries
• track_unmatched	• identify_breaks	• adjust_ledger
• close_books	• reconcile_bank	• reconcile_intercompany
• validate_nostro	• reconcile_tax	• perform_period_close

BILLING

18 intents

Usage billing, subscription management, tax application and revenue tracking

- | | | |
|--------------------|----------------------|--------------------------|
| • calculate_usage | • generate_bill | • detect_revenue_leakage |
| • optimize_pricing | • forecast_revenue | • apply_tax |
| • invoice_customer | • track_subscription | • prorate_charges |
| • audit_billing | • process_renewal | • upgrade_plan |
| • downgrade_plan | • issue_refund | • handle_payment_failure |
| • apply_coupon | • generate_receipt | • validate_billing_info |

INSURANCE

10 intents

Policy underwriting, claims processing and insurance risk assessment

- | | | |
|-------------------------|---------------------|----------------------|
| • assess_insurance_risk | • process_claim | • detect_claim_fraud |
| • calculate_premium | • underwrite_policy | • renew_policy |
| • validate_claim | • approve_claim | • reject_claim |
| • monitor_policy | | |

REPORTING

10 intents

Financial, regulatory, management and board reporting

- | | | |
|-----------------------------|------------------------------|-------------------------|
| • generate_financial_report | • generate_regulatory_report | • consolidate_accounts |
| • generate_tax_report | • generate_management_report | • validate_report |
| • distribute_report | • archive_report | • generate_board_report |
| • track_kpi | | |

RISK_MANAGEMENT

10 intents

Enterprise risk — operational, credit, market risk and capital adequacy

- | | | |
|---------------------------|------------------------------|------------------------------|
| • assess_operational_risk | • assess_credit_risk | • monitor_concentration_risk |
| • stress_test | • calculate_capital_adequacy | • monitor_limit_breach |
| • generate_risk_report | • assess_model_risk | • track_risk_appetite |
| • escalate_risk | | |

Intent Count Summary

Category	Intents	Description
PAYMENTS	25	Payment processing, authorization, fraud detection and modern payment rails
LENDING	23	Loan origination, credit assessment, risk scoring and loan lifecycle management
AP_AR	29	Accounts payable and receivable — invoice processing, collections and reconciliation
TREASURY	20	Cash management, liquidity optimization, FX and capital planning
FRAUD	21	AML, identity fraud, behavioral monitoring and threat detection
COMPLIANCE	22	KYC, sanctions screening, regulatory monitoring and policy enforcement
PROCUREMENT	19	Vendor management, contract validation and spend optimization
INVESTMENTS	21	Portfolio management, trading, risk-adjusted returns and market analysis
CUSTOMER_OPS	21	Customer lifecycle, personalization, churn prevention and support routing
RECONCILIATION	15	Transaction matching, ledger reconciliation and period close
BILLING	18	Usage billing, subscription management, tax application and revenue tracking
INSURANCE	10	Policy underwriting, claims processing and insurance risk assessment
REPORTING	10	Financial, regulatory, management and board reporting
RISK_MANAGEMENT	10	Enterprise risk — operational, credit, market risk and capital adequacy
TOTAL	264
